Our recruitment process is competency-based. The purpose is to assess how closely your skills and experience, including voluntary and wider life experience, relate directly to the skill areas set out in the Admin Officer person specification. The person specification is included in the job description. For each bullet point we are looking for evidence that you meet it through experience or that it would be a logical next step on what you have achieved previously. The best applications will give examples of what you have done rather than respond on an abstract or theoretical basis. The key competencies list shows the broad areas which apply to this role. There is no need to write examples against the points in this list. We will use your responses to the person specification to inform our assessment against the competencies.

We wish you every success in your application, and thank you for taking the time to consider joining us.
